WORK HISTORY

Jr Programmer

Fast Travel Games (Employment currently active) - Stockholm 05/2019

During my time at Fast Travel Games as a Jr Programmer, I've only worked on unannounced projects so far. However, I've been the single programmer in at least two prototype projects for a longer period of time.

Game Programmer Intern

Fast Travel Games - Stockholm 11/2018 - 05/2019

I've worked on the already released title Apex Construct where I have done a lot of bug fixing whilst I've also worked on a new unannounced project which I cannot say anything about.

Webmaster

Safety First UF (High School company) - Ludvika 09/2016 - 05/2017

Created the website from scratch with PHP, furthermore, I kept the website updated. Additionally, I was responsible for the company's social media accounts and their regular updates.

Summer Intern

ABB - Ludvika 06/2015 - 07/2015

Cleaned entire departments and painted everything from walls to storage boxes.
Changed heads of oil hoses as well as check if the hoses were eligible for further use.

LANGUAGES

Swedish, my native language.

English, written and spoken fluently.
